

## Leisure Bandits

They make You an adult  
with their kind of pressure.  
They save Your minutes  
in their kind of treasure.  
They give Your live  
a new kind of measure.  
They save Your time  
and take away Your leisure.

They are the men in grey!  
They talk to you about  
    facts and numbers  
        every night and day

Grey suits, grey cars, grey cigars
