

So Many Times (You're Gone)

So many times I want to meet you.
So many times I want to meet you.
Could have been so nice with us, but you're gone!

So many times I want to see you.
So many times I want to see you.
Could have been so nice with us, but you're gone!

So many times I want to love you.
So many times I want to love you.
Could have been so nice with us, but you're gone!

So many times I want to taste you.
So many times I want to taste you.
Could have been so nice with us, but you're gone!

So many times I want to stroke you.
So many times I want to stroke you.
Could have been so nice with us, but you're gone!

So many times I want to caress you.
So many times I want to caress you.
Could have been so nice with us, but you're gone!

So many times I want to ...
So many times I want to ...
Could have been so nice with us, but you're gone!

So many times ...
So many times ...
So many times ...
So many times ...
So many times ...
